Academic Background

- *Education:*

Ph.D. Economics (1989), the University of Western Ontario, London, Canada (Aman Ullah, Supervisor)

M.A. Economics (1985), McMaster University

B.A. Economics (1984), *Summa Cum Laude*, McMaster University

- *Fields of Specialization:*

Econometrics and Statistics

Monetary Economics

- *Professional Affiliations:*

American Economic Association
American Statistical Association
Canadian Economics Association
Econometric Society
International Symposia for Nonparametric Statistics (ISNPS)

Current Positions

- Professor, Department of Economics, McMaster University (2005-)
- Professor, Graduate Program in Statistics, Department of Mathematics and Statistics, McMaster University (2006-)
- Senator William McMaster Chair in Econometrics, McMaster University (2005-)
- Senior Research Associate, Info-Metrics Institute, American University, D.C., U.S.A (2010-)
- Senior Fellow, Rimini Center for Economic Analysis, Rimini, Italy (2010-)

Past Positions

- International Research Fellow, CReATES, Aarhus University, Aarhus, Denmark (2013-2017)
- Associate Department Chair, Department of Economics, McMaster University (2009-2011)
- Associate Professor, Department of Economics, Syracuse University, Syracuse, U.S.A. (2002-2005)
- Senior Research Associate, Center for Policy Research, Syracuse University, Syracuse, U.S.A. (2002-2005)
- Associate Professor, Department of Economics, the University of South Florida, Tampa, U.S.A. (1999-2002)
- Assistant Professor, Department of Economics, the University of South Florida, Tampa, U.S.A. (1993-1999)
- Visiting Assistant Professor, Department of Economics, the University of California San Diego, San Diego, U.S.A. (1991-1993)
- Assistant Professor, Department of Economics, York University, Toronto, Canada (1989-1993)
- Instructor, Department of Economics, the University of Western Ontario, London, Canada (1986-1989)
- Summer Intern, the International Monetary Fund, D.C., U.S.A (1988)

Honours and Awards

- Fellow, *Journal of Econometrics* (2014-)
- Editorial Fellow, *Econometric Reviews* (2018-)
- *David J. and Helen C. Kahn Teaching Award* (the University of South Florida, 1997, \$1,000)
- *Outstanding Undergraduate Teaching Award* (the University of South Florida, 1997, \$2,000)
- *Sam Lawrence Prize in Labour Economics* (McMaster University, 1984, \$225)

Editorial Positions

- Guest Editor (with M. Gorfine and J. de Uña Alvarez), *Journal of Nonparametric Statistics*, ISNPS 2024 Special Volumes (2024-)
- Associate Editor, *Econometric Reviews*, (2012-)
- Deputy Editor-in-Chief, *Econometrics*, (2016-2019)
- Associate Editor, *Journal of Econometric Methods*, (2010-2018)
- Editorial Board, *Book Series on Econometrics*, World Scientific and Imperial College Press, (2013-)
- Editor (with L. Su and A. Ullah), *Oxford Handbook of Semiparametric and Nonparametric Econometric Methods*, (2011-2014)
- Guest Editor (with Q. Li), *Advances in Econometrics*, Volume 24, Nonparametric Methods (2009-2010)

Visiting Appointments

- Visiting Fellow, ENSAI (École nationale de la statistique et de l'analyse d l'information), Rennes, France (2022)
- Visiting Fellow, ENSAI (École nationale de la statistique et de l'analyse d l'information), Rennes, France (2016)
- Visiting Fellow, CSIR (Council for Scientific and Industrial Research), Pretoria, South Africa (2016)
- Visiting Fellow, ENSAI (École nationale de la statistique et de l'analyse d l'information), Rennes, France (2015)
- Visiting Fellow, CREATES, Aarhus University, Aarhus, Denmark (2015)
- Visiting Research Scholar, the University of Melbourne, Melbourne, Australia (2014)
- Visiting Fellow, CREATES, Aarhus University, Aarhus, Denmark (2014)
- Visiting Fellow, Cowles Foundation, Yale University, New Haven, U.S.A. (2014)
- Visiting Fellow, QuanTM Institute, Emory University, Atlanta, U.S.A. (2013)
- Visiting Fellow, CREATES, Aarhus University, Aarhus, Denmark (2011)
- Visiting Fellow, the Toulouse School of Economics, Toulouse, France (2011)
- Visiting Fellow, GREMAQ, the Toulouse School of Economics, Toulouse, France (2010)
- Visiting Fellow, Info-Metrics Institute, American University, D.C., U.S.A. (2010)
- Visiting Fellow, GREMAQ, the Toulouse School of Economics, Toulouse, France (2008)
- Visiting Fellow, Department of Economics and Finance, La Trobe University, Melbourne, Australia (2008)
- Visiting Fellow, Centre interuniversitaire de recherche en économie quantitative, McGill University, Montreal, Canada (2007)
- Visiting Fellow, Mathematical Sciences Institute, the Australian National University, Canberra, Australia (2002)

Courses Taught

- *Graduate:*

Econometrics I
Econometrics II
Econometrics III
Topics in Econometrics

Advanced Topics in Econometrics
Advanced Econometrics

- *Undergraduate:*

Managerial Economics
Introduction to Money and Banking
International Monetary Economics
Monetary Economics
Introduction to Macroeconomics
Introduction to Microeconomics
Intermediate Price Theory
Intermediate Microeconomic Theory I
Introductory Mathematical Statistics I
Introductory Mathematical Statistics II
Econometrics I
Econometrics II
Analysis of Economic Data I

- *Independent Studies:*

Nonparametric Kernel Estimation (1997)

Ph.D. Candidate Supervision and Examination

- *Thesis Supervisor:*

1. Ugarte Bravo, Karen (2022, Economics, McMaster University, as of Fall 2021 on faculty in the Department of Economics at the University of Toronto)
2. Sexton, Sean (2022, Economics, McMaster University, as of Summer 2022 Part-Time Instructor in the Department of Statistics, University of Toronto)
3. Simardone, Camille (2021, Economics, McMaster University, as of Fall 2021 on faculty in the Department of Economics at the University of British Columbia, Okanagan Campus)
4. Kiwon, Francis (2019, M.Sc., Mathematics (Statistics), McMaster University, currently a Ph.D. student in the Department of Statistics at the University of Waterloo, Canada)
5. Clair, Luc (2017, Economics, McMaster University, currently on faculty at the University of Winnipeg, Canada)
6. Kealey, John (2016, Economics, McMaster University)
7. Thompson, John (2014, M.Sc., Mathematics (Statistics), McMaster University, as of Fall 2021 on faculty in the Department of Mathematics at the University of British Columbia, Okanagan Campus)

- *Thesis Committee Member:*

1. Roberts, Keith (2025-, Economics, McMaster University)
2. Neal, Mackenzie (2023-, Mathematics (Statistics), McMaster University)
3. Owusu, Julius (2023, Economics, McMaster University, currently on faculty at the University of Bristol, England)

4. Gallaugher, Michael (2020, Mathematics (Statistics), McMaster University, currently Banting Fellow on faculty at Baylor University, Texas U.S.A.)
5. Shamsi, Azam (2018, School of Business, McMaster University, currently on faculty at the University of New Brunswick, Canada)
6. Thomas, Stephanie (2016, Economics, McMaster University, currently on faculty at Curtin University, Australia)
7. Olagunju, Waheed (2016, Economics, McMaster University, currently working at the King Abdullah Petroleum Studies and Research Center, Saudi Arabia)
8. Tellez, Juan (2014, Economics, the University of Geneva, currently a Post-Doctoral Fellow at the Harvard Kennedy School, U.S.A.)
9. Meredith, Evan (2012, Economics, McMaster University, currently working at Human Services Alberta, Canada)
10. Li, Jinhua (2011, Economics, McMaster University, currently on faculty at the University of Melbourne, Australia)
11. McLeod, Logan (2010, Economics, McMaster University, currently on faculty at Wilfrid Laurier University, Canada)
12. de Oliveira, Claire (2008, Economics, McMaster University, currently on faculty at the University of York, UK)
13. Liu, Long (2008, Economics, Syracuse, currently on faculty at the University of Texas at San Antonio, U.S.A.)
14. Dammert, Ana (2006, Economics, Syracuse, currently on faculty at Carleton University, Canada)
15. Galdo, Jose (2006, Economics, Syracuse, currently on faculty at Carleton University, Canada)
16. Papanastasiou, John (1992, Economics, York, currently on faculty at the University of Macedonia, Thessaloniki, Greece)

- *Thesis External Examiner:*

1. Håkon Otneim (2016), Mathematics, the University of Bergen, Norway.
2. Henpitahewage Thilaksha Tharangane (2015), Econometrics and Business Statistics, Monash University, Australia.
3. Marcos Gómez (2011), Economics, Universidad de Zaragoza, España.
4. Lindsay Tedds (2005), Economics, McMaster University.
5. Yulia Kotlyarova (2005), Economics, McGill University, Canada.
6. Dingding Li (2002), Economics, the University of Guelph, Canada.

University Service

- *McMaster University:*

Ad Hoc Selection Committee for IT Support in the Faculty of Social Sciences (2013)
 Ad Hoc Selection Committee for the Director of the School of Social Work (2009, 2025)
 Faculty Multimedia Computing and Electronic Communication Committee (2005-)
 Faculty of Social Sciences' Tenure and Promotion Committee (2009-2012, 2012-2015, 2019-2020, 2020-2023)
 Graduate Admissions Committee (2005-2007)
 Hiring Committee (2005-2007)
 Research High-Performance Computing Support Committee (2005-)
 Research Information Technology Committee (2020-)

Selection Committee for Replacement for Technical Director for Research High-Performance Computing Support (2011-2012)

Selection Committee for the Director of the Masters in Statistics Programme (2009)

Selection Committee for Director, Research & High Performance Computer Support (2021)

Tenure and Promotion Task Force (2012)

Tenure and Promotion Committee (2005-2007, 2017-2018, 2023-2024)

Tenure and Promotion University Secretariat (2019-)

University Scholar Committee (2025)

- *Syracuse University:*

Econometrics Seminar Series Coordinator (2002-2005)

Executive Committee (2003-2005)

Freshman Forum Adviser (2003)

ICT Advisory Committee (2003-2005)

Research Evaluation Committee (2002-2005)

Statistics Program Review Committee (2003)

Tenure and Promotion Committee (2002-2005)

- *The University of South Florida:*

Committee on Scholarship (2000-2001)

Economics Department Committee A (1999-2000, 2001-2002)

Economics Department Computing Coordinator (1993-2002)

Outstanding Undergraduate Teaching Award Committee (1998)

- *York University:*

Economics Department Computing Coordinator (1989-1992)

External Service

- *Social Sciences and Humanities Research Council of Canada (CRSH/SSHRC)*

Insight Grants Committee, Chair, (2013-2014).

- *International Symposia for Nonparametric Statistics (ISNPS)*

Member of Board of Directors (Elected 5/21/2018-)

Member of Council Committee (Elected 1/1/2016-)

Member of Charting Committee (2011-2015)

Charting Committee, 2012 Annual Meetings (June 15-19, 2012, Chalkidiki, Greece)

Charting Committee, 2014 Annual Meetings (June 12-16, 2014, Cádiz, España)

Scientific Committee, 2024 Annual Meetings (June 25-29, 2024, Braga, Portugal)

Scientific Committee, 2026 Annual Meetings (June 22-26, 2026, Thessaloniki, Greece)

- *Info-Metrics Institute*

Memorial Prize Committee in Memory of Halbert L. White, Jr., (2016-)

Organizing Committee for the 2012 Workshop on Nonparametric Inference (November 17, 2012, the University of California, Riverside)

- *Compute/Calcul Canada*
National Resource Allocation Committee (2009-)
- *American Statistical Association*
Publications Committee (2009)
- *SHARCNET*
Resource Allocation Committee Chair, Round VI & VII (2007)
Site Representative (2008-)

Grants and Fellowships

1. Social Sciences and Humanities Research Council of Canada - *Insight Grant*
Title: *A Foundational Framework For Functional Data Analysis*
Amount: \$103,883
Date: March 28, 2025 - March 31, 2030
2. Social Sciences and Humanities Research Council of Canada - *Insight Grant*
Title: *A Comprehensive Framework for Model Averaging*
Amount: \$176,593
Date: March 15, 2018 - March 31, 2023
3. McMaster (RHPCS) Research Software Pilot Project
Title: The R package np
Amount: In kind programming
Date: Fall 2019 - Winter 2020
4. Social Sciences and Humanities Research Council of Canada - *Insight Grant*
Title: *A Unified Framework for Nonparametric Instrumental Variable Estimation*
Amount: \$206,729
Date: July 1, 2013 - June 30, 2018
5. Social Sciences and Humanities Research Council of Canada - *Standard Research Grant*
Title: *Adaptive Robust Kernel Estimation*
Amount: \$93,000 (\$78,000 SSHRC, \$15,000 McMaster University matching funds)
Date: July 1, 2009 - June 30, 2012
6. Canadian Institutes of Health Research - *Health Services and Policy Research Operating Grant*
Joint with Paul V. Grootendorst
Title: *Assessment of the Cost and Equity of Different Catastrophic Drug Insurance Options for Canadians*
Amount: \$233,669
Date: September 1, 2008 - August 30, 2010

7. Social Sciences and Humanities Research Council of Canada - *Standard Research Grant*
Title: *Kernel Estimation of a Conditional CDF with Mixed Data*
Amount: \$108,630 (\$93,630 SSHRC, \$15,000 McMaster University matching funds)
Date: July 1, 2005 - June 30, 2008
8. Canadian Institutes of Health Research - *Health Services and Policy Research Operating Grant*
Joint with Carlos R. Quiñonez, David Locker, Peter V. Cooney, Raisa B. Deber, Paul V. Grootendorst, Stephen W. Hwang, and Sunjay Suri
Title: *Alleviating disparities in oral health: Responding to the information needs of key decision makers (and the KT plan)*
Amount: \$109,900
Date: January 1, 2008 - December 31, 2008
9. Natural Sciences and Engineering Research Council of Canada - *Discovery Grant*
Title: *Real Time Kernel Estimation*
Amount: \$12,000
Date: July 1, 2005 - June 30, 2006
10. National Science Foundation - *Major Research Instrumentation Grant: Principal Investigator*
Title: *Acquisition of a Beowulf Class Cluster Computer to Support Interdisciplinary Faculty Research*
Amount: \$162,810 (\$113,967 NSF, \$48,843 Syracuse University required cost-share)
Date: August 1, 2003
11. USF Division of Sponsored Research - *Research and Creative Scholarship Award*
Title: *Nonparametric Hypothesis Testing in the Presence of Mixed Discrete and Continuous Data Types*
Amount: \$7,500
Date: January 1, 2001 - December 31, 2001
12. National Institute of Health - *Research Grant*
Title: *Advanced Statistical Tools for Biomedical Research*
Amount: \$20,000
Date: May 1, 1999 - December 31, 2000
13. USF Division of Sponsored Research - *Research and Creative Scholarship Award*
Title: *Density-Based Multinomial Choice - Theory and Applications*
Amount: \$7,500
Date: January 1, 1999 - December 31, 1999
14. USF Division of Sponsored Research - *Research and Creative Scholarship Award*
Title: *Finite-Sample Corrections for hv-Block Cross-Validation*
Amount: \$7,500
Date: January 1, 1997 - December 31, 1997

15. National Science Foundation SBR Grant - *Research Grant*

Co-Collaborator with Halbert White, Principal Investigator

Title: *Improved Estimation and Specification Testing with Parametric, Nonparametric, and Neural Network Models Using the Bootstrap*

Amount: \$166,650

Date: August 1, 1995 - July 31, 1998

16. USAF Phase II Standards Technology Transfer Network - *Research Grant*

Title: *Automatic Data Modeling*

Amount: \$29,000

Date: May 6, 1996 - July 25, 1998

17. USF Division of Sponsored Research - *Research Grant*

Title: *Testing Exchange Market Efficiency using Nonparametric and Nonlinear Estimation*

Amount: \$6,500

Date: January 1, 1995 - December 31, 1995

18. Social Sciences and Humanities Research Council of Canada - *Operating Grant*

Title: *Semiparametric Estimation of Multi-Equation Econometric Models*

Amount: \$15,000

Date: June 1, 1992 - June 1, 1995

19. Natural Sciences and Engineering Research Council of Canada - *Research Grant*

Title: *Estimation of Multivariate Systems Models: A Heteroscedasticity-Consistent Approach*

Amount: \$27,000

Date: April 1, 1991 - April 1, 1994

20. Social Sciences and Humanities Research Council of Canada - *Strategic Grant*

Joint work with D. Shapiro, J.B. Smith, and M. Stelcner

Title: *The Gender Earnings Gap and Labour Market Discrimination in Canada: A Reassessment and Extension of Econometric and Policy Analysis*

Amount: \$20,000

Date: October 1, 1990 - September 31, 1992

21. Social Sciences and Humanities Research Council of Canada - *Doctoral Fellowship*

Amount: \$12,500 per annum

Date: 1987-1988, 1988-1989

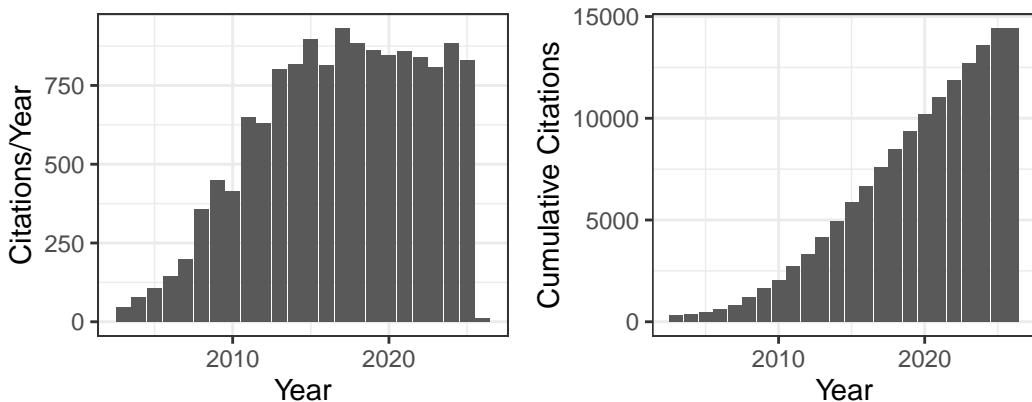

22. Ontario Graduate Scholarship - *Doctoral Scholarship*

Amount: \$8,500

Date: 1985-1986

Conference Organization and Participation

1. Member of Scientific Committee, Conference Volume Guest Editor, Session Organizer and Chair, *International Society for Nonparametric Statistics*, June 25-29, 2024, held in Braga, Portugal.
2. Discussant for “Kernel Estimation in Regression on Vector and Function Spaces” by Sid Kankanala, Marcia Schafgans, and Victoria Zinde-Walsh, the Canadian Econometrics Study Group, McMaster

University, Hamilton Ontario, October 28, 2023.

3. Session Organizer and Chair, *International Symposia for Nonparametric Statistics*, June 20-24, 2022, held in Paphos, Cyprus.
4. Session Organizer and Chair, *International Society for Nonparametric Statistics*, June 11-15, 2018, held in Salerno, Italy.
5. Session Chair at the New York Econometrics Camp XIII, April 7, 2018.
6. Session Chair at the 32nd Annual Congress of the European Economic Association & 70th European Meeting of the Econometric Society, August 23, 2017, Lisbon, Portugal.
7. Session Chair at the New York Econometrics Camp XII, April 8, 2017.
8. Session Organizer and Chair, *International Society for Nonparametric Statistics*, June 11-15, 2016, held in Avignon, France.
9. Session Chair at the New York Econometrics Camp XI, April 9, 2016.
10. Programme Committee member, Info-Metrics Conference on Information-Theoretic Methods of Inference held at Clare College, the University of Cambridge, April 1-2, 2016.
11. Session Chair at the New York Econometrics Camp X, April 12, 2015.
12. Panel Discussant, Info-Metrics Conference on Philosophy of Information and Information Processing, Pembroke College, the University of Oxford, March 27, 2015.
13. Session Organizer and Chair, *International Society for Nonparametric Statistics*, June 12-16, 2014, held in Cádiz, España.
14. Session Chair at the Info-Metrics Institute Conference on Information, Instability and Fragility in Networks, Boulder Colorado, November 15, 2013.
15. Discussant for “Quantile Regression for Panel Data Models with Fixed Effects and Small T: Identification and Estimation” by Maria Ponomareva, the Canadian Econometrics Study Group, Ryerson University, Toronto Ontario, October 13, 2011.
16. Session Chair at the New York Econometrics Camp VI, April 10, 2011.
17. Discussant for “Tighter Bounds in Triangular Systems” by Jun, Pinkse and Xu, Canadian Econometrics Study Group, Carleton University, Ottawa Ontario, September 19, 2009.
18. Session Chair at the New York Econometrics Camp IV, April 5, 2009.
19. Session Chair at the New York Econometrics Camp II, March 24, 2007.
20. Session Chair of the Nonparametric/Semiparametric Econometrics Session, South East Asia Meetings of the Econometric Society, Chennai India, December 19, 2006.
21. Session Chair of the Model Selection Session, Canadian Econometrics Study Group, Brock University, Niagara Falls, Ontario, October 21, 2006.
22. The Canadian Econometrics Study Group Program Committee, Brock University, Niagara Falls, Ontario, 2006.
23. Discussant for “Nonstandard Asymptotics for Quantile Regression” Chuan Goh (the University of Toronto), Canadian Econometrics Study Group, Simon Fraser University, Vancouver B.C., October 22, 2005.
24. Session Chair of the Nonparametric Estimation II Session at the 9th World Congress of the Econometric Society, University College London, August 24, 2005.
25. Session Chair of the Econometric Methods and Applications Session at the American Statistical Association Joint Statistical Meetings, Minneapolis Minnesota, August 8, 2005.
26. Discussant for “Kernel Estimation When Density Does Not Exist” by Victoria Zinde-Walsh (McGill University), Canadian Economics Association Meeting, May 29, 2005.
27. Session Chair of the Nonparametric Methods II Session at the Fifth World Congress of the Econometric Society, the University of Washington, August 15, 2000.
28. Session Chair of the Applied Econometrics Session at the Far East Meetings of the Econometric Society, Singapore, July 3, 1999.

29. Discussant for “The Relative Measurement Error Bias in Nonparametric and OLS Regression: Implications for Specification Tests” by Chris Bollinger (Georgia State University), North American Summer Meetings of the Econometric Society, the University of Quebec at Montreal, July, 1998.
30. Discussant for “Semiparametric Maximum Likelihood Estimation of Nonlinear Regression Models and Monte Carlo Evidence” by Jian Yang (the University of Western Ontario), Canadian Econometric Study Group meetings, Queens University, September, 1997.
31. Discussant for “An Algorithm for Robust Regression” by Lonnie Magee (McMaster University) at the Canadian Econometric Study Group meetings at the University of Laval, September, 1991.
